

Bryan Sutton
Railroad Industry Leader
Fort Worth, TX
10/24/25

To Whom It May Concern:

My name is Bryan Sutton, and I most recently served as Director of Customer Performance at Progress Rail, with over 20 years' experience leading teams and building relationships in the railroad sector. I have known Stacey Tonkin for several years and am pleased to offer my strongest recommendation for her as a communications and marketing professional.

Stacey distinguishes herself through her expert communication and content creation abilities. She has a demonstrated talent for managing brand identity, producing compelling media, and crafting strategies that elevate online presence. Stacey excels in SEO, skillfully leveraging tools to amplify visibility and engagement.

What sets Stacey apart is her ability to blend creative storytelling with data analysis. She takes initiative, manages high-value projects, and collaborates effectively across departments to ensure execution remains consistent with brand goals. Technically proficient with website management, multimedia content production, and social media strategy, Stacey brings both vision and reliability to every project.

In addition to her professional strengths, Stacey's discipline and focus as a two-time national billiards champion speak volumes about her work ethic and strategic mindset. She is highly adaptable, brings a positive spirit to every team, and is truly a pleasure to work with.

I am confident Stacey will be an asset to any organization requiring expertise in media, brand management, and digital marketing. Please feel free to reach out for any further information.

Sincerely,

Bryan Sutton
